ERASMUS

Erasmus was a 15th century Dutch teacher, Renaissance humanist, philosopher and theologian. He lived an independent life and travelled throughout Europe to broaden his knowledge and to acquire new.

“Give light, and the darkness will disappear of itself.” Erasmus

ERASMUS

Individual's capacity for self-improvement

Role of education in raising human beings above the level of brute animals

the humanizing effect of education

effectiveness of cooperative methods

the ability of both sexes to benefit from education

the importance of internalizing the material taught

The idea of the partnership is based on "Future Classroom Lab" by European Schoolnet in Brussels. The lab is an inspirational learning environment, challenging visitors to rethink the role of pedagogy, technology and design in their classrooms. The lab considers space a significant factor in learning and suggests the transformation of the school space in combination with a change in pedagogical approaches. The Future Classroom Lab is formed by six different learning spaces: 1. Investigate 2. Create 3. Present 4. Interact 5. Exchange 6. Develop

Rhodian Flora

Here are some flowers that you can find in Rhodes nature and in the house gardens.

1. Full - Plumeria

A tree with flowers that have a very sweet and strong scent

Thank you
